Part A - Description of proposed change

Guidance - This section should be completed by the Change Raiser when raising the Change Request.

Part A - Description of proposed change

Issue statement:

(what is the issue that needs to be resolved by the change)

The change is required to reflect the decision made at the Programme Steering Group (PSG) on Wednesday 1 March 2023. The change is:

There is a requirement to update the MHHS Interim Pan on a Page (PoaP) for a one-month delay to reflect the Programme's Re-plan release date.

The Programme Re-plan has moved from 20th April – 7th June 2023.

Description of change:

(what is the change you are proposing)

Change the MHHS Interim PoaP for a one-month delay to reflect the Programme's replan timeline.

Justification for change:

(please attach any evidence to support your justification)

There is a requirement to update the MHHS Interim PoaP. Updating the MHHS Interim PoaP is required to ensure its accuracy and relevance as a reportable baseline for the MHHS Programme and source of information for Programme Participants.

Consequences of no change:

(what is the consequence of no change)

The Interim PoaP is a public-facing artefact, available to Programme Participants on the Collaboration Base and MHHS website. Progress against the Interim PoaP is reported on via the Programme Steering Group (PSG) in the absence of a rebaselined programme plan.

Failing to update the Interim PoaP would render the information in the artefact outdated and therefore, unsuitable for reporting against. Failing to update the artefact could result in a lack of clarity among Programme Participants in terms of when they can expect to be required to engage with the Programme, for example, during round 3 of consultation on the Replan.

Alternative options:

(What alternative options or mitigations that have been considered)

Leave the Interim PoaP unchanged.

Risks associated with potential change:

(what risks related to implementation of the proposed change have been identified)

Risks related to the replan timelines were discussed at the PSG on 01 March 2023. Please refer to the PSG papers for more detail.

Stakeholders consulted on the potential change:

(Please document the stakeholders, or stakeholder groups that have been consulted to date on this change. The Change Raiser should consult with relevant programme parties in the drafting of the request, prior to submission to PMO).

PSG members and hence their constituents (via constituency reps at these groups).

Target date by which a decision is required:	29 March 2023, so as to be communicated to PSG on 05	
	April 2023

Part B - Initial Impact of proposed change

Guidance – This section should be completed by the Change Raiser before being submitted to the MHHS PMO.

Please document the benefits of the change and to delivery of the programme objectives

What benefits does the change bring

(list the benefits of the change and how this improves the business case)

- 1) The rationale and benefits for the one-month extension to the Interim PoaP were discussed at the PSG on 01 March. This included that it allows for further time for optimal alignment of Core Capability Providers' plans with the timescales laid out in Round 3 and that the Migration Design would have reached approval.
- 2) The rationale and benefits for updating the MHHS Governance Framework were discussed at PSG on 01 March and TMAG on 15 February. This included that it allows different expertise required for Testing and Migration to be represented in MHHS decision-making at TMAG.

Programme Objective	Benefit to delivery of the programme objective
To deliver the Design Working Group's Target Operating Model (TOM) covering the 'Meter to Bank' process for all Supplier Volume Allocation Settlement meters	Delivered to higher standard than if the Programme doesn't update the Interim PoaP and TMAG Terms of Reference in the MHHS Governance Framework.
To deliver services to support the revised Settlement Timetable in line with the Design Working Group's recommendation	The changes do not impact this objective
To implement all related Code changes identified under Ofgem's Significant Code Review (SCR)	The changes do not impact this objective
To implement MHHS in accordance with the MHHS Implementation Timetable	The changes do not impact this objective
To deliver programme capabilities and outcomes to enable the realisation of benefits in compliance with Ofgem's Full Business Case	Delivered to higher standard than if the Programme doesn't update the Interim PoaP and TMAG Terms of Reference in the MHHS Governance Framework.
To prove and provide a model for future such industry-led change programmes	Delivered to higher standard than if the Programme doesn't update the Interim PoaP and TMAG Terms of Reference in the MHHS Governance Framework.

Guidance – Please document the known programme parties and programme deliverables that may be impacted by the proposed change

Part C.1 - Summary of Impact Assessment

Note – This section will be completed initially by the Change Raiser and then by Programme Participants as part of the full Impact Assessment.

All Impact Assessment responses will be considered public and non-confidential unless otherwise marked. If there are any specific elements of the response (e.g. costs) that are confidential, please mark the specific sections as confidential rather than the response as a whole. The MHHS Programme will publish all Impact Assessment responses and redact any confidential information as noted.

Guidance – Programme Participants are required to:

- A. Respond with 'Agree', 'Disagree' or 'Abstain', deleting as appropriate. If the respondent agrees, they can provide additional evidence to further support the assessment. If the respondent disagrees or abstains, they should provide a detailed rationale as to why.
- B. Add any additional effects that have not already been identified. In doing so, they should provide as much detail as possible to allow a robust assessment to be made.
- C. Proceed to Part C.2 for Impact Assessment Recommendation response once completed.

Part C.1 – Summary of Impact Assessment (complete as appropriate) Effect on benefits n/a

<Delete as appropriate>: Agree Disagree Abstain

Impact Assessment respondents to add supporting commentary to support their selection. Where possible, Impact Assessment respondents to identify and describe any further impacts.

Impact Assessment respondents should consider and provide detail of any additional effect e.g. whether there will be an impact on when a benefit will be realised; who will realise the benefit; the extent to which the benefit will be realised.

Where possible, contextual information should be included e.g. the benefit will be delayed by X weeks; the change means Y population will also realise the benefit.

Effect on consumers

n/a

<Delete as appropriate>: Agree Disagree Abstain

Impact Assessment respondents to add supporting commentary to support their selection. Where possible, Impact Assessment respondents to identify and describe any further impacts.

Impact Assessment respondents should consider and provide detail of any additional effect e.g. whether there will be an impact on service delivery to consumers; will there be a cost impact to consumers; will there be a choice impact to consumers?

Where possible, contextual information should be included e.g. what is the scale of the effect? Will the effect be permanent?

Effect on schedule

n/a
