Data Item Enumeration

Enumeration Value	Enumeration Description
1	Instruction Type Invalid
10	Invalid Meter Operator Appointment Dates
11	Meter Timeswitch Code Unknown
12	Invalid Meter Timeswitch Effective From Dates
13	Meter Measurement Class Unknown
14	Invalid Meter Measurement Class Effective From
	Dates
15	Meter SSC/Profile Class Unknown
16	Invalid SSC/Profile Class Effective From Dates
17	Energisation Status Unknown
18	Invalid Energisation Status Effective From Dates
19	Invalid Supplier Registration Effective From Dates
2	MPAN Core Already Exists
20	Supplier Not Registered At Metering Point

For This Metering Point Registration Too Soon After Previous Registration Pre-Dates Previous MPAN Core Unknown Objection Received After Objection Period Has Expired Profile Class/Standard Settlement Configuration Cannot Exist for HH Meter Future Registration Already Exists Attempted to Energise Metering Point With Incomplete Set of Data Distribution Data Not Supplied Transaction Registration Number and Registration EFD's Are Incorrect Profile Class Unknown Standard Settlement Configuration Unknown Incomplete Instruction Inconsistency Between Measurement Class and DA/DC Type Registration Already Exists Data Aggregator Type Unknown Initial Registration - Not All Required Data Provided	•	
MPAN is Disconnected Registration After Disconnection Date Only Old" Supplier Allowed to Raise Objection on This Metering Point" Metering Point Has No Objection Currently Held Against It No Change of Supplier Request Has Been Received For This Metering Point Registration Too Soon After Previous Registration Pre-Dates Previous MPAN Core Unknown Objection Received After Objection Period Has Expired Profile Class/Standard Settlement Configuration Cannot Exist for HH Meter Future Registration Already Exists Attempted to Energise Metering Point With Incomplete Set of Data Distribution Data Not Supplied Transaction Registration Number and Registration EFD's Are Incorrect Profile Class Unknown Standard Settlement Configuration Unknown Incomplete Instruction Incomplete Instruction Registration Already Exists Attempted to Energise Metering Point With Incomplete Set of Data Incomplete Set of Data Incomplete Set of Data Distribution Data Not Supplied Transaction Registration Number and Registration EFD's Are Incorrect Registration Already Exists And Profile Class Unknown Registration Incomplete Instruction Inconsistency Between Measurement Class and DA/DC Type Registration Already Exists And Data Collector Type Unknown Initial Registration - Not All Required Data Provided Registration Outstanding Metering Point is Not 1998 Traded Objection Outstanding Supplier Already Registered at Metering Point Invalid Change of Tenancy Indicator Value Provided is the Same as Current Pending Change Already Exists Supplier not a Green Deal Licensee Data Aggregator Unknown/No Longer Active	21	Supplier Registration is Currently Objected
Registration After Disconnection Date Only Old" Supplier Allowed to Raise Objection on This Metering Point" Metering Point Has No Objection Currently Held Against It No Change of Supplier Request Has Been Received For This Metering Point Registration Too Soon After Previous Registration Pre-Dates Previous Registration Pre-Dates Previous MPAN Core Unknown Objection Received After Objection Period Has Expired Profile Class/Standard Settlement Configuration Cannot Exist for HH Meter Future Registration Already Exists Attempted to Energise Metering Point With Incomplete Set of Data Distribution Data Not Supplied Transaction Registration Number and Registration EFD's Are Incorrect Profile Class Unknown Standard Settlement Configuration Unknown Incomplete Instruction Incomplete Instruction Incomplete Instruction Inconsistency Between Measurement Class and DA/DC Type Registration Already Exists And Data Aggregator Type Unknown Initial Registration - Not All Required Data Provided Metering Point is Not 1998 Traded Objection Outstanding Supplier Already Registered at Metering Point Invalid Change of Tenancy Indicator Value Provided is the Same as Current Pending Change Already Exists Supplier Already Exists Pending Change Already Exists Supplier not a Green Deal Licensee Data Aggregator Unknown/No Longer Active	22	No Registration Exists For Metering Point
25 Only Old" Supplier Allowed to Raise Objection on This Metering Point" 26 Metering Point Has No Objection Currently Held Against It 27 No Change of Supplier Request Has Been Received For This Metering Point 28 Registration Too Soon After Previous 29 Registration Pre-Dates Previous 30 MPAN Core Unknown 30 Objection Received After Objection Period Has Expired 31 Profile Class/Standard Settlement Configuration Cannot Exist for HH Meter 32 Future Registration Already Exists 33 Attempted to Energise Metering Point With Incomplete Set of Data 34 Distribution Data Not Supplied 35 Transaction Registration Number and Registration EFD's Are Incorrect 36 Profile Class Unknown 37 Standard Settlement Configuration Unknown 38 Incomplete Instruction 39 Inconsistency Between Measurement Class and DA/DC Type 4 Registration Already Exists 40 Data Aggregator Type Unknown 41 Data Collector Type Unknown 42 Initial Registration - Not All Required Data Provided 43 Metering Point is Not 1998 Traded 44 Objection Outstanding 45 Supplier Already Registered at Metering Point 46 Invalid Change of Tenancy Indicator 47 Value Provided is the Same as Current 48 Pending Change Already Exists 49 Supplier not a Green Deal Licensee 5 Data Aggregator Unknown/No Longer Active	23	MPAN is Disconnected
